

AEROMAX

Sheets

Mitigate Fear. Prevent Injury.

D3O’s materials are designed to absorb and dissipate energy in response to blunt force impact.

D3O AeroMax is a lightweight, versatile set foam material available in skived sheet formats. It can be used in impact protection, anti-vibration and shock absorption applications.

Product Features

- Suitable for low to moderate impact and shock energies
- Suitable for low to moderate vibration frequencies
- Available in 2, 4, 6, 8 and 10mm thicknesses
- Available in large sheets
