

VIPER Air L1 Central

Level 1 Back Protection

Mitigate Fear. Prevent Injury.

D3O’s materials are designed to absorb and dissipate energy in response to blunt force impact.

The Viper Air L1 Central delivers over 4.5x greater breathability, while having up to 20% less contact with the rider’s back for maximum comfort. It also provides greater flexibility while being lighter, thanks to new wave geometry & new material formulation.

The lightest, most comfortable, and breathable back protector ever developed by D3O – with no compromise on protection. The Viper Air is designed to enable riders to ride freely with no distractions.

Product Features

- Over 4.5x greater ventilation
- Reduced contact area on back for improved heat regulation
- Lightweight design
- Certified to exceed performance requirements of EN 1621-2:2014 (Level 1), including optional cold (-10C), & UKCA standards
- Enhanced durability
- Greater flexibility
- Made with biobased content, reducing CO2 footprint with no compromise on performance D3O® Viper Air L1 Central
- Retrofittable into D3O® Viper garments for easy integration
- Suitable for snow sports*

*The protector has been deemed as suitable for use in snow sports when worn in close proximity to the body, either as part of a base layer or first layer, and not as part of the outermost layer.
